Will the Minister of DEFENCE be pleased to state:

(a) whether the Government proposes to increase the State of the art facilities at the Indian Naval Academy and various Naval Training Centres in the country;

(b) if so, the details thereof and the funds earmarked for the same for the 12th Five Year Plan; and

(c) the steps taken by the Government to create more strategic centres in the Indian ocean, Bay of Bengal and Arabian Sea to guard the huge coastal line?

Answer

MINISTER OF DEFENCE (SHRI MANOHAR PARRIKAR)

(a) to (c): Approval of Government for augmentation of infrastructure at Indian Naval Academy under Phase-II to cater for increase in training capacity from 750 to 1200 trainees was accorded on 19th December 2011 at a total cost of Rs. 340.72 Crores. To mitigate the infrastructure shortage at various other training establishments, the Training Infrastructure Perspective Plan (TIPP) 2013-27 has been drawn up by Indian Navy. Further, action has been taken for the development of various Operational Turn Round (OTR) Ports, Forward Operating Bases (FOBs) and Naval Detachments (NAV-DETS) as required along the Indian coastline for ensuring maritime security of the country.
